UNIVOICE

Volume 1 Issue 4

January – March Edition

MESSAGE FROM CMD

Greetings!

I am happy to release the fourth issue of UNIVOICE.

UNIVOICE is increasingly becoming a strong medium of communication. UNIVOICE has become the Voice of Universal.

In our everyday lives, many important events happen. But more importantly, what we tend to miss are the small events of joy, emotions, learning and sharing. These little things make our daily routine lively. Communicating and sharing fill our lives with renewed vigour and joy.

In our company too, great things happen silently. Be it our strengthening of bond by taking a few days' break from work, going to a picnic, or the pride of earning a recognition of ISO certification from a prestigious body, sometimes our happiness knows no bounds, as we are able to successfully file a patent. Besides, we consciously make endeavours to brush up our knowledge by participating in seminars and symposiums. All these become a source of renewed vigour and motivate us to put in yet more effort.

The company's business is broadening its scope in terms of new products, enhanced procedures, prioritizing research and development, and, most importantly, developing our own skill base through internal training and development programs and hiring outside talent as well.

Due to our policy and commitment to providing total healthcare solutions and delivering exceptional customer service, our customer base-domestic and international-is steadily increasing. It takes a high volume of continued efforts not only to fulfil it but also to maintain it. I am happy to assert that Team UML is the best at meeting the aspirations of customers with its passion and enthusiasm to deliver the best.

Coming to our products and services, let me reproduce what our valued client Cipla stated about us:

"In the world of rubber stoppers, innovation matters. The Flurocoated stoppers and UNISAFE+ products from this manufacturer showcase a commitment to cutting-edge solutions. We appreciate their dedication to advanced technology."

I take this opportunity to thank Cipla and all the valued customers who have reposed faith in us.

Also, we promise to continue to empower our customers with transformative solutions in the future, meeting their aspirations.
The saga of success continues. I am sure, Team UML will, with smart work and dedication, keep up the good work.

Keep communicating. Keep sharing knowledge.

Stay connected.

Jagdish Patel
Chairman and Managing Director.
Universal Medicap Ltd.

KNOW WHAT WE ARE

We produce a range of injectable pharmaceutical packaging and delivery systems, featuring advanced packaging components and high-quality containment and delivery solutions.

10+
Countries
Exports products across the globe

20+
Products
Quality Products with 100% satisfaction

175+
Prestigious Clients
International customers around the world

350+
Employees
Dedicated and skilled workforce

EVENTS AT UML

VISIT OF SCHOOL STUDENTS

26 students and 3 teachers of M.P.Patel High School of Dashrath visited our Raniya Plant and Training Centre on January 09, 2024 under the Vocational Training Program.
The students were very curious and inquisitive about how the manufacturing of rubber stoppers and the entire range of products take shape in the state-of-the-art Raniya manufacturing facility. Our engineers walked them through the entire plant, giving them minute details about the manufacturing process and protocols. They were quite impressed and they took home a wealth of knowledge about the products and the technology involved in manufacturing them.

STAFF PICNIC TO MANDU AND MAHESHWAR IN MADHYA PRADESH

January 26 – 28, 2024.

It was a pleasant experience for all our staff to join the 3-day picnic to take a glimpse of history while exploring our rich heritage in Mandu and Maheshwar in Madhya Pradesh.

From enormous forts to huge palaces, Mandu and Maheshwar is a complete royal treat. The glorious temple inside the Maheshwar Fort and the palace in Mandu which floats on its own refection needs to be explored by everyone.

GLIMPSE OF THE SOCIETY OF HUMAN RESOURCE PROFESSIONALS(SHRP) 5 YEARS CELEBRATIONS

Society of Human Resource Professionals (SHRP) marked its noteworthy 5th anniversary by celebrating its impactful journey. Mr. S K Raijada, Chief Mentor of UML, was honored with the prestigious Gyan Ratna Award, a pinnacle of recognition within the HR community, for his outstanding contributions.

UML: A CRADLE FOR INNOVATION

History was created on January 13, 2024.

We successfully filed a complete patent application before the Indian Patent Office. It is a matter of pride for all of us.

Patent Application No: IN 202421002707

- Title: A METHOD FOR CLEANING RUBBER CLOSURES
- Applicant: Patel Jagdishbhai Bhagwanbhai

A Jewel in the Crown:
A well - deserved ISO 15378-2017 certification was conferred on UML in recognition of our contribution towards the development and manufacture of pharmaceutical primary packaging rubber components.

At UML, learning is a continuous process:
The company sponsored Mr. Sanket Patel and Mr. Vishal Rana to participate in the workshop on Fundamentals of Lean Manufacturing, conducted by Baroda Productivity Council on February, 24, 2024.

Lean manufacturing is a methodology that focuses on minimizing waste within manufacturing systems while simultaneously maximizing productivity.

A seminar was held at Panchkula by UML in partnership with NKP Pharma Pvt. Ltd., named "Partner in Progress- UML Customer Retreat". The seminar was a grand success.

READERS' CORNER

UNIVOICE
The Voice of UML

Employees are requested to contribute short story, poem or any article to be published in UNIVOICE. If your family member has anything special to write, we will be happy to publish it here.

KNOWLEDGE CIRCLE

- What is Mandu and Maheshwar famous for?
- What is Lean Manufacturing and what are its principles?
- Which types of formulations are manufactured at UML?

Your name will be published here for the correct answers.

FUN FACTS AND TRIVIA

General elections are being held in India from April 19 to June 1, 2024, in seven phases, to elect 543 members of the Lok Sabha. This is the largest-ever election in history. The results will be declared on June 4, 2024. Approximately 970 million people out of a population of 1.4 billion people are eligible to vote.

Do cast your vote. It is our right and our responsibility.

EXPLORE INDIA.
